

15th International Metallography Conference

Montanuniversität Leoben, September 19 – 21, 2018

Leoben, January 2018

Dear Sir or Madam,

as already announced in numerous journals, the

15th International Metallography Conference 2018

takes place from September 19 – 21, 2018 at the Montanuniversität Leoben and is organized by the Department of Physical Metallurgy and Materials Testing.

The conference will report on progress in metallography of metallic, ceramic, polymeric, and composite materials as well as coatings featuring the following topics:

- A. preparation methods for subsequent analysis with light optical microscope as well as high-resolution techniques
- B. conventional microstructural characterization
- C. materials characterization by high-resolution techniques
- D. quantitative image analysis
- E. tomography and three-dimensional evaluation and analysis methods
- F. microstructure and materials properties
- G. phase transformations and precipitation processes
- H. microstructure analysis for the assessment of failure

Furthermore, the conference will host an exhibition of modern metallographic equipment, to which we would like to invite you. For details, please refer to the attached sheet "Equipment Exhibition".

We also offer you the opportunity to advertise in the conference program and to promote your products and services there. The advertisements are limited to those areas, which have direct contact with metallography.

You will be informed about the participants for the dispatch of the conference program, the layout and further details in the attached leaflet "Advertisement in the program booklet". A return form is enclosed.

We would consider it as enrichment to the conference if you could (again) participate in the equipment exhibition.

With a cordial "Good luck" („Glück Auf“)

Ass.Prof. Dr. Svea Mayer

Dr. Michael Panzenböck

Prof. Dr. Helmut Clemens

15th International Metallography Conference
Montanuniversität Leoben, September 19 – 21, 2018

Equipment Exhibition of the
15th International Metallography Conference 2018

Location: Leoben, Montanuniversität

Period: Wednesday, September 19, 2018, 9.00 a.m. till
Friday, September 21, 2018, 2.00 p.m.

Program: Metallography (light and electron microscopy) of the material groups steel, non-ferrous metals, ceramic materials, polymeric materials, coatings and composites.

The thematic focuses are:

- preparation methods for subsequent analysis with light optical microscope as well as high-resolution techniques
- conventional microstructural characterization
- materials characterization by high-resolution techniques
- quantitative image analysis
- tomography and three-dimensional evaluation and analysis methods
- microstructure and materials properties
- phase transformations and precipitation processes
- microstructure analysis for the assessment of failure

Participants: Metallographers and technicians, engineers, metallurgists and materials scientists from labs, testing laboratories, research institutes of semi-finished products industry (steel, non-ferrous metals, composites), semi-finished metal fabricators, and university institutes.

Exhibition: Sample preparation equipment, light and electron microscopes, quantitative and qualitative metallography equipment, accessories and consumables.

The exhibition rooms are directly connected to the conference rooms.
The way to the presentations leads through the exhibition.

- Technique, Arrangement: Exhibition space for the price of € 150.-/m²
- Electricity is available: 220V
- Supply of gas, compressed air, water is not possible in the showroom.
- There are tables available. The installation of the equipment and the arrangement are taken over by the exhibitors themselves. The costs of delivery and removal are at the expense of the exhibitor.
- The exhibition objects are insured by the exhibitors themselves.
- Installation: Monday, September 17 and Tuesday, September 18, 2018
- Removal: Friday, September 21, 2.00 p.m. – 8.00 p.m. and
Saturday, September 22, 8.00 a.m. – 12.00 noon
- Contact: Reinhilde Stopar, Tel. ++43-3842-402-4201 (registration and advertising)
Walter Kopper, Tel. ++43-3842-402-4243 (questions about exhibition space)
Fax: ++43-3842-402-4202
Reinhilde.Stopar@unileoben.ac.at
- Payment: The accounting takes place during the conference on the basis of the actually used exhibition space.
- Order: It is requested to use the attached form to place the order. Date for placing the order:
April 30, 2018

15th International Metallography Conference
Montanuniversität Leoben, September 19 – 21, 2018

Advertisement in the program booklet of the

15th International Metallography Conference 2018

1. Layout: The program booklet appears in the format
20 x 10 cm, offset printing
2. Dispatch: June 2018
3. Recipients: Metallographers, metallurgists, materials scientists,
material testers, engineers and technicians from the following
areas: metal production, processing, R&D, application
technology and testing;
a total of about 1000 recipients
4. Advertisements: Only full-page within the type area
18 x 8.5 cm (portrait) coloured
from printable templates
5. Date for print template: April 30, 2018
6. Price: for exhibitors € 250,-- per page (in color)
for non-exhibitors € 300,-- per page
7. Invoice date: June 2018
8. Order: It is requested to use the attached form to place the order. Date
for placing the order:
April 30, 2018

ORDER
EQUIPMENT EXHIBITION of 15th International Metallography Conference 2018

At the exhibition of modern metallographic equipment of the 15th International Metallography Conference from September 19 – 21, 2018 in Leoben we will

() be represented
() not be represented

We need approx. m² exhibition space (request minimum size 4 m²)
for the price of € 150,--/ m².

We are interested in publishing an advertisement in the program booklet and order
..... page(s)

The price for one page is	for exhibitors	€ 250,--
	for non-exhibitors	€ 300,--

You also have the option of advertising in the conference proceedings (circulation 500 pcs.); costs on request.

Company:
.....

Name of the contact person:
.....

Address:
.....
.....

Phone: Fax:
E-mail:

Date:..... Signature:

For each exhibiting company, there is a free participation in the conference (including evening events, but without conference proceedings) for 1 person (up to 10 m²), for 2 persons (up to 20 m²) or for 3 persons (over 20 m² exhibition space). These persons will also be included in the conference list of participants, so please indicate their name and title.
